Sprint 3 Report

- **Product Name:** Seekr
- **Sprint Scrum Master: Ryan Trimble**
- **Date:** Nov 26, 2024

1. Actions to Stop Doing

- Adding new tasks until old ones are finished and consolidated into a working product. We are in immediate need of refactoring

2. Actions to Start Doing

- Better documentation of code for maintainability

3. Actions to Keep Doing

- Meetings
- Communication
- Collaborative working time
- code reviews/testing

4. Work Completed/Not Completed

Work Completed:

- **Completed Sprint 3, User Story 1:** As an explorer, I want access to navigational tools that help me figure out how I'll reach my destination (eta, obstacle detection, pointer to show directions to follow).

Work Not Completed:

- **Not Completed Sprint 3, User Story 2:** As a traveler in an unfamiliar area, I want to be notified when I am going in the wrong direction.
- **Not Completed Sprint 3, User Story 3:** As a community member, I want to be able to mark interesting paths and landmarks so that the app properly reflects my area.
- **Not Completed Sprint 3, User Story 4:** As a moderator, I want to be able to promote or report markings on the map so that all information is as accurate as possible.
- **Not Completed Sprint 3, User Story 5:** As a user, I want to be able to view/connect with other users

5. Work Completion Rate

Note: Most of the Sprint 3 user stories that did not get finished are very close to being completed and will be soon.

- **Total User Stories Completed:** 1
- **Total Ideal Work Hours Completed:** 10 (by completed only)
- **Total Sprint Duration (Days):** 2 weeks

Performance Metrics

- **User Stories per Day (This Sprint):** 1/14th (just over 1 per week (by completed only)
- **Ideal Work Hours per Day (This Sprint):** 5/7ths (by completed only)

Historical Averages (Sprints to Date)

- **Average User Stories per Day:** 4/28ths of a User Story
- **Average Ideal Work Hours per Day:** 20/28ths of an hour
